Subject No. 109.

Slaughter-houses & Beef markets.

Messrs. K. Srikantaiya and M. Venkatakrishnaiya of Mysore City Municipality.

Summary of discussion.—Slaughter houses and beef markets may be ordered to be located outside the towns, as they are inimical to sanitation.

Reply of Government.—This is a matter to be decided by the Municipal Commissioners themselves. The question as affecting the Mysore City will be referred to the Municipal President.

Medical.

Subject No. 110.

Caste Wards in the Hospitals at Bangalore and Mysore.

Messrs. A. Anniah Pandit and D. Narsimhaiya of Chamrajnagar Taluk and M. Venkatakrishnaiya of Mysore.

Summary of discussion.—Arrangements may be made to construct wards in the Victoria Hospital, Bangalore, and the Civil Hospital, Mysore, for accommodating Brahmans and vegetarian in-patients and for feeding them, the poorer classes being fed *gratis* and the richer made to pay for the same. The accommodation and conveniences at present provided are insufficient.

Reply of Government.—The necessary facilities are available at Bangalore. In Mysore also the needful accommodation will be provided as funds permit.

Subject No. 111.

Hospital Assistants to be subordinate to Amildars, and Vaccinators to be subordinate to the former.

Messrs. A. Anniah Pandit and D. Narsimhaiya of Chamrajnagar Taluk.

Summary of discussion.—All Hospital Assistants attached to the Local Fund Dispensaries in the taluk, should be placed under the respective Taluk Amildars and Vaccinators under the Hospital Assistants. Vaccination Deputy Inspectors should be removed, the reports on vaccination being submitted to the District Civil Surgeons.

[Mr. Garudachar opposed the proposal to place Hospital Assistants under Amildars.]

Reply of Government.—This cannot be done. Let Amildars visit the Dispensaries and record their remarks in the Visitors' Books, and copies be sent to the Civil Surgeon through the Presidents of Local Fund Boards.

Subject No. 112.

Establishment of Veterinary Hospitals, etc.

Mr. Madappa of Mysore Taluk.

Messrs. Siddabasavadevaru of T. Narsipur and Venkatakrishnaiya of Mysore.

Mr. Srinivas Murti of Gorur.

Mr. Amble Anniah Pandit.

Summary of discussion.—(*a*) The establishment of Veterinary Hospitals for the treatment of contagious diseases to which cattle are subject was urged on the consideration of Government at the meeting of 1899. Early settlement of the question is prayed for.

(*b*) Veterinary Surgeons may be appointed for every taluk to treat cattle diseases.

(*c*) Hospital Assistants may be trained in Veterinary medicine by being deputed to study in Madras or elsewhere for a year.

Reply of Government.—Noted. Hospital Assistants may be trained as Veterinary Assistants.

(*d*) Books of instructions on the subject in Kanarese may be freely distributed in villages.

Reply of Government.—This seems a good suggestion and may be done as far as possible.
